Elegance
HARDWOOD DIVISION

Elegance Hardwood Range

Our new wood catalogue demonstrates a fantastic collection of hardwood products that is available at very competitive prices. Market trends continue to grow through pale shades of white, variations of greys, and traditional oaks and this is demonstrated throughout our new collection. The majority of our locking systems have a 5G or similar construction, enabling the header joint to easily drop into each plank to ensure that the your floor maintains tighter joints. The Elegance wood range has been broadened to now include 32 key designs with nearly half of these exploring 3-Strip options across various finishes including matt lacquer, brushed and oiled. We have also continued to offer the 3 different plank widths of 130mm, 138mm and 180mm following the current market trends.

Elite Flooring is a contract and domestic flooring company that undertakes all aspects of flooring including domestic carpet & vinyl, commercial carpet tiles, safety flooring & vinyl, including Amtico and Karndean. We also supply and fit laminate flooring, solid wood and engineered wood. Our main offices and store are based in Folkestone Kent with a domestic showroom in Hawkinge.

We have between 18 - 20 fitters on the road every day and offer a free estimating and advice service. Commercially, we are happy to work with contractors from design stage to ensure all costs are known in advance of our start date. We work with many contractors on various housing developments that vary from top end specification projects to more basic specifications, educational and health care buildings and business units. Specifically, in the last year we completed a number of sites for Abbey Homes, providing a package service as the customers complete with various upgrades at the customer's request. Additionally, 2015 saw us complete a 108 bedroom project at Kent University and a 420 bedroom student block at Canterbury Christchurch University as well as new Sport and Art Blocks at Canterbury College. All projects were delivered on time and handed over snag free.

At Elite we pride ourselves on providing a top quality finish within any budget. Many thanks and we look forward to the opportunity of working with you soon.

Elegance Hardwood Range

Due to the limitations in the reproduction of photography in the print process or monitor settings the colour may vary from the actual flooring.

Aria Oak 3 Strip

Aria Oak 3 strip captivates the beauty and natural quality of European oak, making this flooring a winner for a variety of styles and interiors. As a family grade you get what the name suggests, the most natural characteristics of real oak hardwood including some knots, sapwood and light colour variation. Aria is strengthened with matt white lacquer. It is given finesse by its 4-sided micro bevelling. The floor is also available in both plank as featured on page 23.

Wood Flooring Profiles

Beautifully crafted solid wood profiles.
Give your floor the finish it deserves.

All of our supplied hardwood profiles are manufactured to exacting standards using the finest timber imported from only the most reliable and sustainable sources.

All two part profile systems have an adjustable base profile which makes fitting so much easier. Simply pick the base section that best suits the thickness of your floor and the top section takes care of itself. Once the base is correctly laid in the channel between your floors, the top section is tapped in from above and automatically self levels to the lowest point. In addition, because the profile is equally secure either at the top or bottom of the base section, it is not critical that the floor is 100% level from one end to the other.

Available in the following colours

		
Aria Oak	Luxor Oak	Oak Coral
